

Highlights of January 10 Board Meeting

Hello All,

It has been agreed that the past president will write up and distribute bullet points from Board meetings and have the minutes posted to the FFO website once they are approved.

The FFO calendar needs to be populated with all FFO events. Richard Hatherill will be asked to approve inclusion from those individuals running FFO events. Joanne Curran and Shirley McKey will work together with Richard to make this happen.

A backup is needed for the webmaster Richard Hatherill and the search is on.

Privacy issues are still a major concern and various suggestions were put forward to address this issue. As FFO seems to be on the forefront of this, the subject will be "kept on the radar" and be on the agenda for the next Board meeting.

The FFO website fees of \$298 US for two years has been paid.

Both the incoming journey from Richmond Virginia and the outgoing to California are not yet completely confirmed and we are waiting for further COVID-19 developments on all sides.

There is \$12,180 in the bank account before membership payment is made to FFI.

Good news is that membership sign up stands at 105.

The club will continue to arrange popular activities to keep members engaged during COVID-19 and the future.

Next Meeting February 12th at 9 am by Zoom.

In friendship,
Lynda Heffernan
FFO Past President
